The mindful approach to PSHE

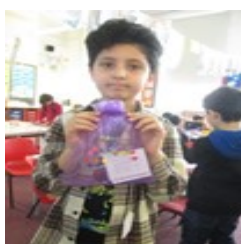

26.3.2024

Welcome to the Spring Term edition of PDN!

For Creative day we teamed up with the Molly Rose Foundation to help celebrate 'Random Acts of Kindness'. The Key Stage 1 classes created their own kindness trees, celebrating different ways that they can be kind to others and how others have shown them kindness as a class. Years 3,4,5 and 6 created individual bags of kindness which class mates filled their respective bags with ways that the individual have been kind to others.

We are very grateful to have raised £315 on our Creative Day, focusing on "Kindness".

Huge thank you to everyone, who supported our PSHE fundraising event on the 4th & 5th March. The **Jigsaw Families programme**, that gives opportunities to parents to work jointly with their child and other parents, will continue in the Summer term.

We had a really busy term, with lots of interesting events and parent workshops. On the week beginning of 4th March, Nursery, Reception and Year 1 held a Mother's Day tea party — in conjunction with celebrating International Women's Day. The children sang songs, shared activities, cakes and drinks with their mothers. Everyone had a great afternoon and all our lovely mothers valued this wonderful experience.

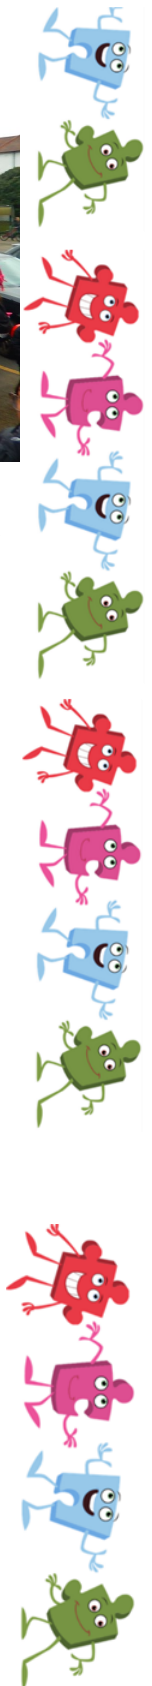

3JJ Class Assembly topic was 'Healthy Me'. The children presented what they have learnt in PSHE and Science, as well as an English Poem. What a treat for the parents!

We are proud that our Jigsaw Flagship Status was renewed for the 3rd consecutive year!

Huge thank you to all our amazing, hard-working pupils and teachers.

Over the last month, we have raised £ 263 for Comic Relief 'Red Nose Day'. Thank you to all wonderful parents for your generosity and showing the importance of charitable actions to your children.
